# Great Behavior Breakdown Seminar

“When children exhibit disturbing or difficult behaviors, we often feel at a loss. We may seek professional help, but when that doesn’t work, what do we do? It can be very distressing, and many parents end up feeling there’s no hope. Families crumble under the pressure, and relationships are damaged. But it doesn’t have to be that way. The techniques you will read in this book—*“The Great Behavior Breakdown by Brian Post”*—have proven effective in 92.6% of cases where a therapist or parent has implemented them consistently for at least two weeks.

Learn what America’s foremost behavior expert, B. Bryan Post, has used to create change and healing within the homes of some of the most disturbed and difficult children. You will obtain an in-depth understanding of the root causes of 27 of the most difficult behaviors that parents encounter. You will also learn parenting tools that are known to decrease these behaviors. In this seminar you will also develop, create and learn how to apply interventions in to your situation becoming empowered to know you can make a powerful and positive difference in the way your child sees the world. “
